TRANSLITERATION
OF THE
SANSKRIT, ARABIC,
AND ALLIED ALPHABETS.

THE system of Transliteration shown in the Tables given overleaf is almost identical with that approved of by the International ORIENTAL CONGRESS of 1894; and, in a Resolution, dated October, 1896, the Council of the ROYAL ASIATIC SOCIETY earnestly recommended its adoption (so far as possible) by all in this country engaged in Oriental studies, "that the very great benefit of a uniform system" may be gradually obtained.

I never travel without it, and its general applicability to the relief of a large number of simple ailments forms its best recommendation.”

Avoid disappointment. Insist on **Dr. J. Collis Browne's,**

THE ORIGINAL & ONLY GENUINE

Chlorodyne. Eminent Hospital Physicians have stated that
Dr. J. Collis Browne was the discoverer of Chlorodyne; that
they prescribed it largely, and mean no other than Dr. Browne's.
The secret of its manufacture has never been divulged
and therefore a substitute cannot be Chlorodyne.
