OF
LARYNGOLOGY
AND
RHINOLOGY;

*AN ANALYTICAL RECORD OF CURRENT LITERATURE RELATING TO
THE THROAT AND NOSE.*

EDITED BY

SIR MORELL MACKENZIE, M.D. Lond.,

AND

R. NORRIS WOLFENDEN, M.D. Cantab.,

WITH THE CO-OPERATION OF

DR. JOHN N. MACKENZIE (BALTIMORE)
DR. BRYSON DELAVAN (NEW YORK)
DR. W. PORTER (ST. LOUIS)
DR. JOAL (MONT DORE)
PROF. MASSEI (NAPLES)
PROF. GUYE (AMSTERDAM)
DR. CAPART (BRUSSELS)
DR. CONSTANTIN KARWOWSKI (WARSAW)
DR. BARCLAY J. BARON (BRISTOL)

DR. VALERIUS IDELSON (BERNE)
DR. MICHAEL (HAMBURG)
PROF. RAMON DE LA SOTA Y LASTRA
(SEVILLE)
DR. HOLGER MYGIND (COPENHAGEN)
DR. SMYLY (DUBLIN)
DR. DAVID COLLINGWOOD (SYDNEY)
DR. G. W. MAJOR (MONTREAL)
DR. MAXWELL ROSS (EDINBURGH)

AND

Dr. G. HUNTER MACKENZIE (Edinburgh).

CONTENTS.

Article--

THE TONSILS AND THE ADENOID TISSUE OF THE PHARYNX,
p. 455.

Abstracts—

DIPHTHERIA, p. 460.
MOUTH, TONGUE, PHARYNX, &C., p. 463.
NOSE AND NASO-PHARYNX, p. 468.
LARYNX, p. 473.
NECK, &C., p. 477.

Association and Congress Meetings—

THE TENTH INTERNATIONAL MEDICAL CONGRESS, BERLIN, 1890,
p. 479.
THE AMERICAN LARYNGOLOGICAL ASSOCIATION, p. 486.

Reviews—

BALL, WATSON : DISEASES OF THE NOSE, p. 491.

Obituary—

JELENFFY, p. 493.

“AN IDEAL FORM FOR THE ADMINISTRATION OF FAT.”

—“British Medical Journal.”

PHYSICIANS now fully recognize the value of fats in conditions of wasting disease.

Some years ago Dr. Hughes Bennett demonstrated the immense benefit derived from the administration of Cod Liver Oil to phthisical patients. He says: “No

Use in remedy has so rapidly restored the exhausted powers of the patients, improved the nutritive functions generally, stopped or diminished the emaciation, checked the perspiration, quieted the cough and expectoration, and produced a most favourable influence on the local disease.” Now as regards the digestion of fats,

Aids Digestion. it is frequently noticed, when Cod Liver Oil is taken pure, it either creates nausea or passes through the intestines and is evacuated for the most part unchanged.

Dr. Lauder Brunton, in his paper “On the Use and Administration of Fat,” suggests a parallel. He says: “If anyone were to swallow a lump of butter by itself, it would probably make him sick: if, however, he spread the same on a piece of bread, he could take it not only without discomfort, but with enjoyment.”

Herein lies the secret of success which has attended the employment of the Kepler Solution of Cod Liver Oil in Extract of Malt. In this preparation, the Finest Virgin Cod Liver Oil is dissolved in Kepler Extract of Malt, instead of being emulsified as in ordinary preparations of the kind.

The Best Nutrient. The Kepler Extract of Malt is the richest in nutrient material, and the most easily assimilable of all foods. The diastase promotes the complete digestion of fat in the alimentary tract, and the Kepler Solution of Cod Liver Oil affords a means for the patient to obtain the fullest complement of restorative material by a minimum amount of digestive exertion.

The *Lancet* reports:—“It has hardly any taste of the oil. Many can take it easily who cannot take the oil.”

The *Medical Press and Circular* says:—“The Kepler Solution is the most palatable and easily digested of any form of Cod Liver Oil.”

The Kepler Solution and Kepler Malt Extract supplied to the medical profession in bottles containing $\frac{3}{4}$ -lb. and $1\frac{1}{4}$ -lb., at 1s. 10d. and 3s. 2d. Retail, 2s. 6d. and 4s. Special terms to Charitable Institutions and Hospitals. Supplied by all Chemists throughout the world.

BURROUGHS, WELLCOME & CO., Snow Hill Buildings, London, E.C.

Will be happy to supply trial Specimens to medical men free on request.
