We are very sorry to have to record the death of Mr. F. B. Sandie, who was for very many years head of the Printing Department of Messrs. Oliver & Boyd. In this capacity he was responsible for the production of the *Journal of Laryngology and Otology* since 1921. He was devoted to its welfare, and its punctual production was his most earnest endeavour. He will be greatly missed and it will be very difficult to replace him.

* * *

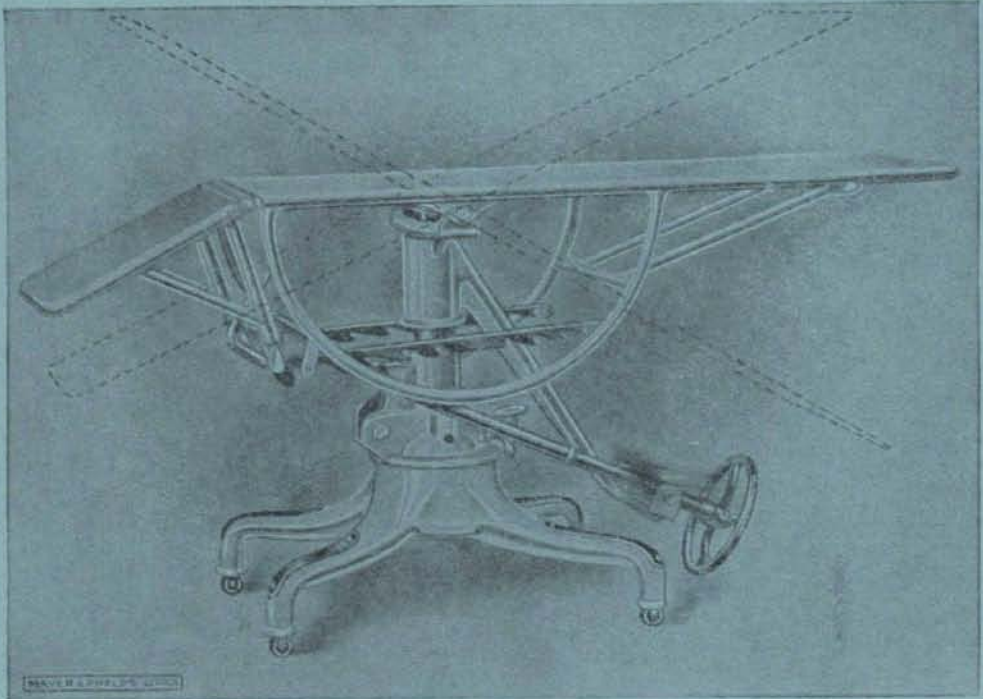

A Committee has been formed of the friends, colleagues, and pupils of Dr. Marcel Lermoyez to perpetuate his memory by the institution of a medal in his honour. Subscriptions are invited towards this end and subscribers of a sum of 100 francs will receive a copy of the medal. Subscriptions should be sent to M. Georges Masson, 120 Boulevard Saint-Germain, Paris (VI.).

On the occasion of the 10th Anniversary of the Polish Society of Oto-Laryngology, Sir St Clair Thomson was elected an Honorary Member.

Peroral Endoscopy Table

Designed and built at Chiron Works for King's College Hospital

This table is arranged for nasal and aural operations as well as for endoscopic work.

The back rest is adjustable from the dependant position shown in the illustration to one nearly at right angles to the top of the table for nasal operations, in which case a suitable head rest is attached.

The table is adjustable in height and can be tilted in either direction and is absolutely rigid in any position. Further particulars furnished on request.
