
Calendar of Events

October 16-20, 1989

The advanced course of "The Virginia Statewide Nosocomial Infection Control Program" will be held at The University of Virginia Health Sciences Center, Charlottesville, Virginia. The course is sponsored by The University of Virginia Hospitals' Statewide Infection Control Program. For further information, contact Debbie Crickenberger, Course Coordinator, University of Virginia Health Sciences Center, Box 473, Charlottesville, VA 22908. Telephone (804) **924-2777**.

October 16-20, 1989

"The Infection Control Practitioner as an Environmentalist" will be held at Chapel Hill, North Carolina. Sponsored by the University of North Carolina at Chapel Hill and the North Carolina Department of Human Resources, the course will provide infection control practitioners an opportunity to broaden their knowledge of 1) the interface between infection control and specific departments within the hospital, and 2) epidemiological investigations, antibiotic utilization, quality assurance and infections in high risk patients. For further information, contact Eva Clontz, Program Coordinator, Division of Infectious Diseases, UNC School of Medicine, 547 Clinical Sciences, Chapel Hill, NC 27599-7030. Telephone (919) 966-3242.

October 29-31, 1989

"Nosocomial Infectious Diseases and Hospital Epidemiology" will be held at the Copley Plaza Hotel, Boston, Massachusetts. The course, which is sponsored by Harvard Medical School, presents state-of-

the-art information in the form of debates, CPCs, and roundtables, as well as through traditional lectures in order to stimulate discussion and highlight areas of controversy. Visiting professors will include Richard Garibaldi, MD; Richard Wenzel, MD, MSc; and William Rutala, PhD, MPH. For more information, contact Donald Goldman, MD or Emily Rhinehart, Division of Infectious Diseases, The Children's Hospital, 300 Longwood Avenue, Boston, MA 02115. Telephone (617) 735-7623.

November 2-3, 1989

"The Fourteenth Annual Symposium for Clinicians on Hospital Infection Control" will be held in Charlottesville, Virginia. For more information, contact Debbie Crickenberger, Course Coordinator, University of Virginia Health Sciences Center, Box 473, Charlottesville, VA 22908. Telephone (804) **924-2777**.

November 2-3, 1989

The APIC Long Island ninth educational conference will be held at the Smithtown Sheraton, Motor Parkway in Hauppauge, New York. The conference is targeted for control supply, infection control and long-term care personnel. For more information contact Maria Ninivaggi, Nassau County Medical Center: 2201 Hempstead Turnpike, East Meadow, New York 11554. Telephone (516) 542-2516.

November 13-14, 1989

"Incineration of Medical Wastes" will be held in Houston, Texas. It will focus on infectious waste management by on-site and regional incineration. Regulatory and eco-

nomic aspects will also be examined. For more information contact Susan Orio, Conference Director, 512 S. Hanley, Suite 79, St. Louis, MO 63105. Telephone (314) **576-0220**.

November 15-17, 1989

"Medical Waste Management for Small Quantity Generators" will be held in Marco Island Resort, Florida. This conference will address current and impending federal and state regulations for small quantity generators as well as waste-management and insurance issues. Disposal alternatives will also be explored. For more information contact Susan Orio, Conference Director, 512 S. Hanley, Suite 79, St. Louis, MO 63105. Telephone (314) **576-0220**.

November 16-18, 1989

"Update in Infectious Diseases 1989" will be held at the Inn on the Park Hotel, Madison, Wisconsin. Sponsored by the Section of Infectious Disease, Department of Medicine and Continuing Medical Education, Medical School, University of Wisconsin, the program will be an intensive review and update of infectious disease topics. For further information, contact Sarah Z. Aslakson, Continuing Medical Education, 2715 Marshall Court, Madison, WI 53705. Telephone (608) **263-2856**.

November 28-29, 1989

"Incineration of Medical Wastes" will be held in San Diego, California. It will focus on infectious waste management by on-site and regional incineration. Regulatory and economic aspects will also be examined. For more information

contact Susan Orio, Conference Director, 512 S. Hanley, Suite 79, St. Louis, MO 63105. Telephone (314) 576-0220.

December 12-13, 1989

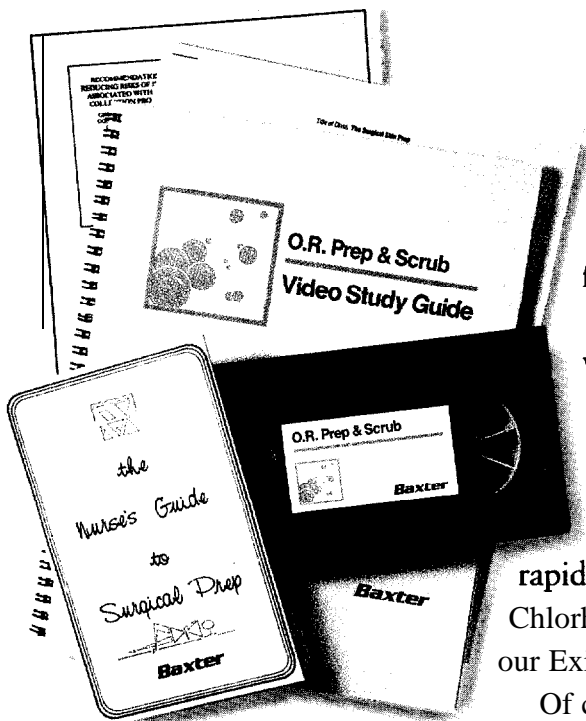

“Incineration of Medical Wastes” will be held in Denver, Colorado. It will focus on infectious waste management by on-site and regional

incineration. Regulatory and economic aspects will also be examined. For more information contact Susan Orio, Conference Director, 512 S. Hanley, Suite 79, St. Louis, MO 63105. Telephone (314) 576-0220.

INFECTION CONTROL AND HOSPITAL EPIDEMIOLOGY publishes Calen-

dar of Events as a service to its readers as space permits. Notices of symposia, workshops, and other educational offerings should contain a mailing address and telephone number of a contact person and must be submitted at least three months before publication. Send typewritten notices to Managing Editor, IC & HE Editor-iol Offices, C41.GH. University of Iowa Hospitals and Clinics, Iowa City, IA 52242.

We did not stop at offering the broadest line of prep and scrub products.

Prepping is the first line of defense against infection in the O.R. Baxter can help you and your staff go a step further.

We can provide you with a CEU training program which includes a video demonstration of various techniques for patient skin prep, and encourages discussion of the latest standards and practices in the field as well.

We can also provide you with the products to meet rapidly changing industry trends. Baxter now offers Chlorhexidine Gluconate (CHG) in bottles and scrub brushes; our Exidine™ CHG provides an effective alternative to PVP-I

Of course, Pharmaseal™ Surgical does offer the broadest line of prep and scrub products in the industry. Along with wet, dry and custom trays, we offer an exclusive design on our specialty vaginal prep products.

Protection in the O.R. begins with sound knowledge and the most effective products. And we have the educational program and products to maximize staff and patient infection control.

For more information, contact your Pharmaseal Surgical or Hospital Supply Division sales representative, or write Baxter Healthcare Corporation, Operating Room Division, 1500 Waukegan Road, McGaw Park, IL 60085.
