## NOTES FOR CONTRIBUTORS

Articles for the *Scottish Journal of Theology* may be submitted in electronic as well as typescript form. If electronic, disks should be prepared for IBM compatible facilities and submitted together with hardcopy.

Submission of an article is taken to imply that it has not previously been published in English, and is not being considered by another journal for publication in English. In the interests of authors, copyright is normally assigned to the publishers. The average length of articles is 5,000 words; those in excess of 10,000 words cannot be considered.

While notification of acceptance or rejection will be given, rejected contributions (disk, hardcopy or typescript) will not be returned. It is assumed that authors retain in their possession the original copies of all articles or reviews submitted.

In the first instance three copies of each article should be submitted, preferably in hardcopy form with accompanying disk, or in typescript form, to *SJT*, T&T Clark Ltd, 59 George Street, Edinburgh EH2 2LQ, U.K. If it is accepted, editorial suggestions (if any) will be sent to the author for incorporation, after which the revised disk together with one revised hardcopy or the revised typescript should be returned to the publisher for publication. Again it is assumed that the author will retain a copy of any revised material in his or her possession.

All contributions (articles and reviews) should be submitted in double spacing, with endnotes, which should be used sparingly, in single spacing. Cross-references within the article should not be included.

Notes for editors and instructions for the printer should be submitted along with the manuscript on separate sheets. First proofs of articles (but not of reviews), will be sent back to the authors for correcting, and must be returned within ten days of receipt. Correction should be confined to typographical errors. Other corrections can be made only with the concurrence of the editors.

Contributions from North America may use North American spellings. Greek and Hebrew words need not be transliterated if an internationally used system has been used, e.g. Multi-Lingual Scholar, Ibycus, Nota Bene, or Vuwriter. Capitalisation should be kept to a minimum; and in particular should not be used in pronouns referring to God. The editors reserve the right to make minor alterations in the text in accordance with their established editorial practice.

Contributors of articles and of article reviews (but not of reviews) receive one copy of the journal in which their article appears without charge; extra copies may be ordered at half price from the publishers.
