

2nd International Conference on Capacity

Held in conjunction with the IPA International Congress • 13-16 October 2015

13 October 2015
Berlin, Germany

Register now!

Hear from experts on topics ranging from will-making to awareness in dementia and supported decision-making in a variety of presentation formats – plenaries plus a dynamic mock trial. It is recommended for geriatric psychiatrists, old age psychiatrists, neurologists, geriatricians, primary care physicians with an interest in the elderly, and other dementia specialists as well as trainees in these areas.

Program

How to Survive and Thrive in Large and
Complex Will Contests: Trials and Tribulations

Sanford Finkel
United States

Professional Capacity

Chanaka Wijeratne
Australia

Capacity and Awareness: How to Include
People with Decision Making Disability

Cees Hertough
Netherlands

Linda Clare
United Kingdom

Encourage a Colleague to Join

The International Psychogeriatric Association (IPA) is the leading multi-disciplinary, international organization dedicated to the advancement of geriatric mental health knowledge.

Benefits of IPA Membership Include:

- An opportunity to **interact with colleagues** around the world who share an interest in advancing research, education, and theory about mental health in older people – especially through **IPA Member Forums** – online and conference discussion/collaboration groups on various topics and issues.
- **Education and meetings** reflecting the many disciplines in Psychogeriatrics and the collective expertise of the world; IPA members receive special “members only” rates for all our meetings and activities.
- A subscription to ***International Psychogeriatrics***, IPA’s peer-reviewed monthly journal, which includes any additional special-focus supplements.
- ***IPA Bulletin***, IPA’s informative newsletter with articles on recent research advances, global trends and the latest in how geriatric mental health care is practiced around the world.
- **IPA Online** – the IPA website – including member area with special features including access to fellow members, and for online education (webinars and other programs), the IPA Learning Portal.
- **Behavioral and Psychological Symptoms of Dementia (BPSD) Education Materials** are available to IPA members in electronic format at no additional charge. The BPSD materials include the eight-module *IPA Complete Guide to BPSD – Specialists*, *IPA Complete Guide to BPSD – Nurses* and a future newly-revised edition for the Primary Care Physician.
- Support the **growth of Psychogeriatrics around the world.**

*To join or to obtain a membership application,

IPA ... Better Mental Health for Older People

IPA Member Forums

Connect and Collaborate within the IPA Community

Why wait until the next conference when you can join or start a discussion with colleagues right now?

Through the *IPA Member Forums*, you can discuss important research and care issues such as *International Psychogeriatrics* articles, share resources or exchange ideas on whatever has captured your interest with your colleagues in this new IPA online community.

As a member of the International Psychogeriatric Association (IPA), you will have access to the *IPA Member Forums* and be able to join member colleagues to discuss and improve elderly care through online groups ... anytime from wherever you or they might be.

Communication and Collaboration – the Heart of the IPA Community

- Interact *anytime* and *anywhere* with IPA colleagues
- Share research, documents and ideas
- Participate in discussions
- Collaborate in member groups, such as...

Shared Interest Forum

Professional Discipline Forum

Regional Initiative Forum

Shared Interest Forums

Connecting Members with Shared Interests in Specific Areas

- BPSD
- Capacity
- Early Onset Dementia
- Long-Term Care
- Service Delivery
- And more...

Professional Discipline Forums

Connecting Members with Similar Roles

- Nurses
- Occupational Therapists
- Primary Care Physicians
- Psychologists
- Social Workers
- And more...

Regional Initiative Forums

Connecting Members in Different Areas of the World

- Africa
- Asia/Pacific
- Eastern Europe
- Ibero-Latin America
- And more...

IPA Member Forums: where members start their day!

CAMBRIDGE
UNIVERSITY PRESS

Scope and contributions

International Psychogeriatrics is written by and for those doing clinical, teaching, and research work with older people. It is the official journal of the International Psychogeriatric Association (IPA) and is published by Cambridge University Press, Cambridge, UK. Although it is primarily concerned with psychogeriatrics, the journal welcomes contributions from all concerned with the field of mental health and aging. Original research papers are particularly sought.

Contributions include original research articles, case reports, reviews of the literature, book reviews, letters to the editor, and editorials. Apart from editorials and book reviews, which are commissioned, contributions to *International Psychogeriatrics* are spontaneously written and submitted by authors. Papers are reviewed by two expert reviewers selected by the Editor-in-Chief. At present, about half of the papers submitted are accepted for publication. The journal's Science Citation Index impact factor is 1.93 (2014). Submission of a paper implies that it is neither under consideration for publication elsewhere, nor previously published in English. Manuscripts must be formatted double-spaced with ample margins on all sides and the pages should be numbered. *International Psychogeriatrics* uses the spelling of American English. Manuscripts written by those whose primary language is not English should be edited carefully for language prior to submission. The journal has a Language Assistance Panel consisting of both native English speakers willing to check manuscripts for style prior to submission, and bilingual experts willing to assist with the translation of manuscripts into English. Further details including contact information for individual panel members can be found at both the journal and IPA websites (journals.cambridge.org/ipg and www.ipa-online.org).

An up to date version of the journal's instructions for contributors can be found at the *International Psychogeriatrics* website journals.cambridge.org/ipg. Please read these instructions carefully before submitting articles. **Articles that are not prepared in accordance with these guidelines will be returned to authors.**

Manuscripts should be submitted online via our manuscript submission and tracking site, <<http://mc.manuscriptcentral.com/ipg>>. Full instructions for electronic submission are available directly from this site.
