

## Erratum

Alexander Murray-Watters and Clark Glymour’s “What Is Going on Inside the Arrows? Discovering the Hidden Springs in Causal Models” (in vol. 82, no. 4, October 2015) contains the wrong image for figure 10 (see p. 570). The correct figure 10 is shown here and in the HTML and ebook versions of their article.

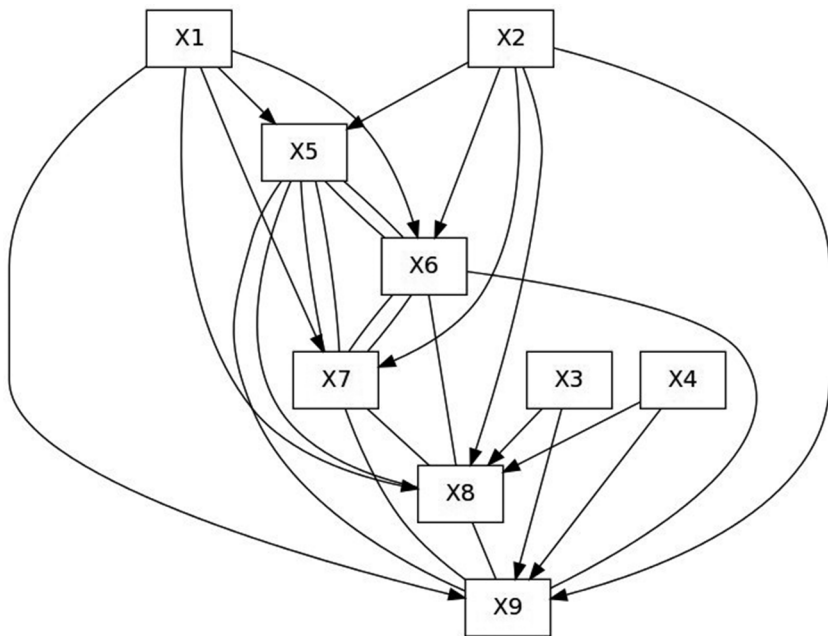

Figure 10. Pattern after running the PC algorithm to find unconditional independence relations.
