

16-20 American Physical Society Meeting
New York, NY
W. W. Havens, 335 E. 45th St.,
New York, NY 10017

23-27 Advances in Semiconductors and Semiconductor Structures
Bay Point, FL
SPIE, P.O. Box, 10, Bellingham,
WA 98227-0010; (206) 676-3290

APRIL 1987

5-10 American Chemical Society General Meeting
Denver, CO
ACS, 1155 16th Street, NW,
Washington, DC 20036

6-8 **MRS** Oxford Conference on Microscopy of Semiconducting Materials
Oxford, UK
A. G. Cullis, RSRE, St. Andrews Road, Malvern, Worcester WR14 3PS UK; 01-6845-2733 ext. 2509
(See related article in Vol. XI No. 4)

6-9 Advanced Materials Technology '87 at 32nd International SAMPE Symposium and Exhibition
Anaheim, CA
M. Smith, Association Manager,
P.O. Box 2459, Covina, CA 91722;
(818) 331-0616
(See related article in Vol. XI No. 4)

21-25 **MRS** Materials Research Society Spring Meeting
Anaheim, CA
P.C. Smythe, Materials Research Society, 9800 McKnight Road, Suite 327, Pittsburgh, PA 15237

26-30 American Ceramic Society Annual Meeting
Pittsburgh, PA
American Ceramic Society, 65 Ceramic Drive, Columbus, OH 43214

27-1 Conference on Lasers & Electro-Optics & Int'l Conference on Quantum Electro
Baltimore, MD
Optical Society of America, 1816 Jefferson Pl. NW, Washington, DC 20036; (202) 223-8130

MAY 1987

3-6 Fourth International Hazardous Waste Symposium
Atlanta, GA
ASTM, 1916 Race Street,
Philadelphia, PA 19103;
(215) 299-5400

3-7 American Ceramic Society General Meeting
Atlanta, GA
American Ceramic Society, 65 Ceramic Drive, Columbus, OH 43214

11-15 Materials '87
London, UK
J. Butler, Conference Dept. (MT), The Institute of Metals, 1 Carlton House Terrace, London SW1Y 5 DB, England

17-22 Electrochemical Society Spring Meeting
Philadelphia, PA
Electrochemical Society, 10 South Main Street, Pennington, NJ 08534-2896

CLASSIFIED

Positions Available

Assistant Professor of Chemistry

The University of California, Santa Barbara seeks an outstanding chemist with expertise in analytical, materials or surface chemistry for a faculty position in the Department of Chemistry effective 7/1/87. Candidates should have a PhD by the time of appointment, an excellent academic record and exceptional potential for independent creative research and for teaching. The search is at the assistant professor level. Applications including a complete curriculum vitae and a list of at least three references should be sent to Prof. G.D. Stucky, Chair, Search Committee, Department of Chemistry, University of California, Santa Barbara, California 93106, before November 1, 1986.

*UCSB is an Equal Opportunity/
Affirmative Action Employer.*

MATERIALS SCIENCE FACULTY

MIT Department of Materials Science and Engineering has several tenure track assistant professorships available involving teaching and research in areas noted below:

- **Physical Ceramics**
- **Electronic Materials**
- **Polymer Physics**
- **Materials Manufacturing**

An additional position is available for an outstanding candidate in other areas of Materials Science and Engineering. Doctorate required and experience desirable. Salaries and benefits competitive. Positions will be filled only if exceptional candidates are found. Appointment to a more senior position is possible based on experience and accomplishments.

Send resume (include citizenship and/or visa status), publications list and references to Professor Merton C. Flemings, Head, Department of Materials Science and Engineering, Massachusetts Institute of Technology, Cambridge, MA 02139. MIT is an equal opportunity/affirmative action employer.

Materials Science

We are currently assisting clients throughout the United States in staffing various positions in research and development. Openings are primarily at the Ph.D. level; several require supervisory experience; some are suitable for new graduates or postdocs. Typical areas of interest include:

Ceramics

Electronic/structural – materials preparation, characterization, processing and testing.

Electronic Materials

Semiconductors – materials/processing/devices; crystal growth; thin films – sputtering/CVD/PVD; molecular beam epitaxy; photolithography; ion implantation.

Polymers

Characterization/morphology/structures/property relationships; composites.

Physics

Surface science; magnetism; optical properties; photoconductivity; non-destructive testing; composite materials; fiber optics; lasers; electro-optics.

For confidential consideration, please submit a current resume, including salary history, to Dr. David P. Parker (Sc.D. in Metallurgy, M.I.T.). Our client companies assume all fees.
