

## CORRIGENDUM

### Dietary intake, glucose metabolism, and sex hormones in women with polycystic ovary syndrome (PCOS) compared with women with non-PCOS-related infertility – CORRIGENDUM

Ya-Hui Tsai, Ting-Wen Wang, Hsiao-Jui Wei, Chien-Yeh Hsu, Hsin-Jung Ho, Wen-Hua Chen, Robert Young, Chian-Mey Liaw and Jane C.-J. Chao

(First published online 20 March 2014)

doi: 10.1017/S0007114512004369, Published by Cambridge University Press, 9 October 2012.

The final sentence in the first paragraph on page 2194 of Tsai *et al.*<sup>(1)</sup> was mistaken regarding the results for the relationship between FAI and fat intake (g/d) corresponding to Table 3. The statement should have been FAI was negatively associated with fat intake (g/d) ( $r = -0.15$ ;  $P = 0.048$ ) in the control group.

The authors apologise for this error.
