

## Corrigendum

<https://doi.org/10.1017/S1366728919000166>, Published by Cambridge University Press,

**Cite this article:** Czapka S, Wotschack C, Klassert A, Festman J (2022). A path to the bilingual advantage: Pairwise matching of individuals– CORRIGENDUM. *Bilingualism: Language and Cognition* **25**, 182–182. <https://doi.org/10.1017/S1366728919000336>

When originally published, the article by Czapka *et al.*, included the wrong caption for Fig 1. The publication indicates that Fig 1 shows data for heterogeneous groups when in fact it shows data for homogenous groups.

The correct figure and caption are shown below

**Fig. 1.** Mean response latencies (with error bars indicating standard errors) of the A) go/nogo task, B) BST and C) N-back for the homogenous groups (monolinguals - dark bars and multilinguals - light bars).
