# The Journal of Laryngology and Otology

(Founded in 1887 by MORELL MACKENZIE and NORRIS WOLFENDEN)

EDITED BY

A. LOGAN TURNER AND J. S. FRASER

ASSISTED BY

DOUGLAS GUTHRIE AND IRWIN MOORE

---

1. Original Articles are accepted on the condition that they have not been published elsewhere.

2. Manuscripts should be typewritten, on one side only of the paper, and well spaced.

3. Galley proofs and engraver's proofs of illustrations are sent to the author. Corrections, which should be kept to a minimum, must be clearly marked and no additional matter should be added.

4. The order for reprints should be sent when returning galley proofs, and for this purpose special forms are supplied, on which the price of the reprints is stated.

5. Authors of Original Communications on Oto-Laryngology in other Journals are invited to send a copy, or two reprints, to the *Journal of Laryngology*. If they are willing, at the same time, to submit their own abstract (in English, French, Italian, or German) it will be welcomed.

6. Editorial Communications should be addressed to "EDITORS, *Journal of Laryngology*, c/o Messrs OLIVER AND BOYD, Tweeddale Court, Edinburgh."

7. The Annual Subscription is Forty Shillings or Ten Dollars, and is payable in advance.

8. Single copies of back numbers, both of the present and the previous series, are on sale at Four Shillings (One Dollar) each.

9. An Annual Subscription can be commenced with any number of the Journal, and the preceding numbers of the current year can be purchased at Four Shillings (One Dollar) each.

# INTRINSIC CANCER OF THE LARYNX AND THE OPERATION OF LARYNGO-FISSURE

BY

**IRWIN MOORE, M.B., C.M. Edin.**

Surgeon to the Hospital for Diseases of the Throat, Golden Square, London, W.

**With 46 Illustrations specially drawn by Mr Thornton Shiells, and  
Bibliography and General Index.**

**20s.** Net, plus 1s. for —  
Packing and Carriage

*From "THE LANCET," 30th July 1921.*

"More than half the book is occupied by a careful account of the technical operation of thyrotomy or laryngo-fissure, and this section is beautifully illustrated and full of valuable details, including descriptions of several instruments designed by the author. This monograph cannot fail to be most useful to any surgeon about to perform the operation of laryngo-fissure."
