Notes for Contributors

1. Addresses for editorial correspondence are given on the inside front cover of this issue.
2. A complete style guide is available from the editor or by accessing the Journal's web site at www.eh.net/HisEcSoc/.
3. The final version should be in Word or WordPerfect for Windows, or in ASCII text readable in one of these formats. Please send a 3.5" disk and one hard copy.
4. All copy must be double-spaced, including indented quotations, footnotes, and references. The right margin should be ragged, and the authors should use a 12 pt font.
5. The layout of papers, including title, section (sub-) headings, notes, and references should conform to the style evidenced in the *Journal*.
6. Citations in the text must be in round parentheses. The page numbers should be preceded by p., or pp. if multiple pages are cited. E.g., (Peart, 1996, pp. 167–68).
7. Footnote numbers should be indicated by superscripts in the text. All footnotes should be collected together and placed, double-spaced and beginning with a new page, at the end of the paper.
8. Symbolic letters are italicized, whether in an equation or in the text. Numbers in equations and in symbolic terms in the text are not italicized, even if they are subscripts or superscripts.
9. Use an italic font, rather than underlines, for titles, emphases, etc. unless you do not have an italic font.
10. The first time that a person's name is used in the text, his or her first name and middle initial, or an alternative appropriate form of reference beyond the surname, should also be given, no matter how well known the individual may be. E.g., John Maynard Keynes, H. Gregg Lewis, George J. Stigler, T. R. Malthus, Adam Smith.
11. The references should appear immediately after the text of the paper, and in the following format:
