

#### CAMBRIDGE AGRICULTURAL MONOGRAPHS

The Volumes in this well-known pre-war series edited by T. B. WOOD and SIRE. J. RUSSELL are now all available again.

## Plants Poisonous to Live Stock

H.C.LONG

'Mr Long has filled a gap in scientific literature with a monograph that shows wide knowledge.' SATURDAY REVIEW. Second edition 1924. IOs. 6d. net

### Basic Slags and Rock Phosphates G. S. ROBERTSON

'Deserves a wide circulation among all interested in the improvement of our grasslands.' NATURE. 8 plates and map. 1922. 14s. net

# Inorganic Plant Poisons and Stimulants W. E. BRENCHLEY

An attempt to correlate the available data on the use of certain inorganic substances in agricultural practice. 21 illustrations. Second edition 1927. 12s. net

The Journal of Agricultural Science is issued in quarterly parts of about 120 pages with plates and figures, four parts constituting a volume.

Volumes XVI-XX (1926-1930) are out of print. Quotations can be given for other back volumes and parts.

Quotations can also be given for buckram binding cases. (Suspended.)

Papers for publication should be typewritten or written in a very legible hand, and may be sent to Dr J. HAMMOND, School of Agriculture, Cambridge, or to the associate Editors. Other communications should be addressed to the University Press, Cambridge.

Bibliography should be given under the heading of "References" in the following form:

Surname of authors (in alphabetical order), initials, date of publication (in brackets), title of Journal (abbreviated according to the World List of Scientific Periodicals), volume and pages of reference. In the text a reference should be quoted by the author's name and date (in brackets).

All names of Journals and books should be in italics.

Contributors will receive twenty-five copies of their papers free.

The subscription price for each volume, payable in advance, is 40s. net per volume (post free); single numbers 15s. net. Subscriptions may be sent to any Bookseller, or to The Cambridge University Press, Bentley House, 200 Euston Road, London, N.W. 1.

The Cambridge University Press has appointed the University of Chicago Press, agents for the sale of *The Journal of Agricultural Science* in the United States of America.

Printed in Great Britain at the University Press, Cambridge (Brooke Crutchley, University Printer)
