ONE SIZE FITS
ALL THESE*

NEW TUBEX® BLUNT POINTE STERILE CARTRIDGE UNIT: ONE-PIECE SIMPLICITY MAKES IV SAFETY EASY.

Introducing the newest approach to IV safety—the TUBEX® Blunt Pointe sterile cartridge unit.

Now there's a prefilled cartridge unit with no assembly, no adapters.

Simply remove the rubber cover and insert into a "needle-less" IV set.*

And needlestick accidents can be dramatically reduced because the point is not sharp.

TUBEX® Blunt Pointe sterile cartridge unit was designed to meet OSHA's engineering and work practice controls and FDA's recommendations for IV administration sets.^{1,2}

For IV safety, simplicity, and convenience choose TUBEX® Blunt Pointe sterile cartridge units.

LifeShield® is a registered trademark of Abbott Laboratories.

SAFSITE® is a registered trademark of B. Braun Medical Inc.

InterLink® is a registered trademark of Baxter International Inc.

INTRODUCING

BluntPointe 

Sterile Cartridge Unit
IV SAFETY MADE SIMPLE™

*TUBEX[®] Blunt Pointe sterile cartridge unit is compatible with the following sets shown: Abbott's LifeShield[®] Prepierced Reseal Injection Site, B. Braun Medical's SAFSITE[®] Reflux Valve, and Baxter's InterLink[®] Injection Site. Consult manufacturer's recommendations regarding "directions for use" for the "needle-less" system.
