

## ***Business Ethics Quarterly***

*Business Ethics Quarterly* is the journal of The Society for Business Ethics ([www.societyforbusinessethics.org](http://www.societyforbusinessethics.org)), a non-affiliated international association of persons interested in business ethics. The purpose of *BEQ* is to publish scholarly articles from a wide variety of disciplinary orientations dealing with the application of ethics to the business community. The journal addresses theoretical, methodological, and issue-based questions that can advance ethical inquiry or improve the ethical performance of business organizations. With the contemporary focus on international business, the journal is particularly interested in articles that discuss global business and economic concerns. The journal is also interested in the value dimensions of gender, race, ethnicity, nationality, and culture, and how these factors affect and are affected by business questions.

The Society for Business Ethics is pleased to acknowledge the financial support of Loyola University Chicago and Georgetown University in the publication of *Business Ethics Quarterly*. Additional support is provided by The Olsson Center for Applied Ethics, University of Virginia.
