*Revista de Historia Económica - Journal of Iberian and Latin American Economic History (RHE-JILAEH)* welcomes contributions with comparative approaches, especially those that include a wide geographical or global coverage. The journal will promote the presentation of new topics, ideas and perspectives from the different social sciences, notably new historical and economic methods. *RHE-JILAEH* publishes original research papers on economic history, economic thought and all those areas of economics concerned with long-term analysis. The geographical area addressed in these papers should preferably cover Spanish and Portuguese speaking countries and wider areas including any of these countries.

RHE-JILAEH is pleased to announce that it has been ranked 14th out of 69 journals in the history category, with an impact factor of 0.545 in the latest (2012) Thomson-Reuters Journal Citation Report®. We are also indexed in the History of Social Science category, as well as in History and Economics.
