

# ANIMAL PRODUCTION

JOURNAL OF THE BRITISH SOCIETY OF ANIMAL PRODUCTION

**OLIVER & BOYD LTD.**  
EDINBURGH AND LONDON

**MARCH 1959**

**VOL. 1 PART 1**

INFORMATION FOR CONTRIBUTORS TO  
*ANIMAL PRODUCTION*

*Animal Production* publishes papers on original research provided that they have not been, and will not be, published elsewhere in whole, or in part, without the Editors' written permission. Contributions may be in the field of animal production, or in any related scientific field. Papers presented at meetings of the British Society of Animal Production, if submitted to the Editors, will be given equal consideration with other papers.

*Animal Production* is published not less than twice a year, each number consisting of about 96 pages. Annual subscription for every 2 numbers is 30s. (or \$5.00 in the U.S.A. and Canada) and the price for a single number is 17s. 6d. (or \$2.75).

*Length of papers* should not normally exceed the equivalent of 6,000 words, inclusive of tables, text figures and references.

*Manuscripts* should be typed in double spacing and the ribbon copy sent to one of the Editors at the addresses given below. Manuscripts are not returned with the proofs; authors should therefore retain copies.

*Illustrations* (figures and plates) should be simple and few, otherwise a charge may have to be made to authors. Legends should be typed on a separate sheet.

- (a) Diagrams should be drawn in Indian ink, about twice the size of the finished block, on Bristol board or stout tracing paper. Photographed diagrams are also accepted. Lettering inside the framework of the diagram should be inserted in Indian ink. Marginal lettering may, if preferred, be inserted lightly in pencil. Costs of touching-up diagrams found to be incomplete or unsuitable for line-block reproduction will be charged to authors.
- (b) Photographs intended for half-tone reproduction should be on glossy paper. They will be accepted only if found necessary by the Editors. Part of their cost may have to be borne by authors.
- (c) Colour plates will not be accepted unless the author bears the cost.

COMMONWEALTH BUREAU OF  
ANIMAL BREEDING AND GENETICS

**T. C. No. 11. Dairy Cattle Breeding in the Tropics**

by P. Mahadevan

(*Livestock Research Officer, Ceylon*)

This is the first review to cover all genetical aspects of the variation in performance of tropical cattle. The author has assembled and interpreted the widely scattered evidence and reports on the breeding of dairy cattle in the tropics.

Demy 8vo. Illustrated xiv + 88 pp. Price 15/-

**T. C. No. 12. Pig Carcass Evaluation**

by G. Harrington

(*A.R.C. Statistics Group, Cambridge*)

A review dealing with the estimation of carcass composition in the live and dead pig, and the determination of fat and lean quality. Contains a bibliography of 370 references.

Demy 8vo. With 4 line drawings xii + 107 pp. Price 15/-

**T. C. No. 13. Bird Hybrids: A Check-List with Bibliography**

by Annie P. Gray

(*Commonwealth Bureau of Animal Breeding and Genetics*)

This notable book is a companion volume to the author's "Mammalian Hybrids" published in 1954. It contains, in addition to the annotated list of hybrids, an extensive bibliography and an index of species.

Royal 8vo. x + 390 pp. Price 50/-

*Orders for these publications can be placed with any  
major bookseller or sent to :*
