Card Index of the Leadership Elite of the People's Republic of China

It is impossible to understand China without a detailed knowledge of the real elite. This was proved by the Cultural Revolution. Card indices on this elite are maintained in a number of centres and the China Documentation Center (West Germany) wishes to help in the co-ordination of such work.

The China Documentation Center is prepared to offer, on subscription, a card index (in English, with Chinese characters where available) dealing with the leadership elite in the Party, Military and Government at both central and provincial level. Information on these cards starts with the 9th Party Congress (April 1969). The initial selection of cards will number approximately 5,000 (including the deputies of the forthcoming National People's Congress when these are elected). Approximately 500 cards will give details of Party, Military and Government organisations as well as Revolutionary Committees, Embassies, Friendship Associations, etc.

A card index to be valuable must be up to date. Consequently the China Documentation Center intends to publish supplements four times a year.

Subscription Rates: Card index (incl. cabinets) US \$250.00
Supplements (per annum) US \$ 80.00

Articles should be submitted, together with a duplicate copy, to the editorial office. They should be typed in double spacing and, preferably, conform to the styling of *The China Quarterly*.

The China Quarterly is published by the Contemporary China Institute of the School of Oriental and African Studies, London University. The views expressed in articles are those of individual authors and do not necessarily represent the views of the Contemporary China Institute.
