## **Cronin and Grime on Labour Law**

1970. By J. B. Cronin, LL.B., and R. P. Grime, B.A., B.C.L., both Lecturers in Law at the University of Southampton.

This book shows not only what the law is in the sphere of industrial law but also the principles and trends behind it and possible future development. It is divided into three parts, headed respectively: The Law of Employment, Employers' Liability, which deals with nineteenth century legislation as well as recent statute law, and the Law of Collective Labour Relations. This last part comprises nearly half the book and deals with Collective Bargaining, Trade Unions and Disputes.

## **Goode's Hire-Purchase Law and Practice**

*Second Edition*

1970. By R. M. Goode, LL.B.(Lond.), Solicitor of the Supreme Court (Hons.).

As a member of the Committee on Consumer Credit, the author is in a particularly good position to elucidate this complex subject. The book deals not only with hire-purchase but also money-lending, check trading and other forms of credit. The new edition runs to well over a thousand pages, having been greatly expanded and rewritten. Among the sixteen completely new chapters, there is one which gives a full analysis of the Hire-Purchase Act 1965. Also included are many Commonwealth and American decisions and copious references to reports overseas.

## **Hill and Redman's Law of Landlord and Tenant**

*Fifteenth Edition*

1970. By Michael Barnes, B.A., Barrister-at-Law. Consulting Editor: George Dobry, M.A., Q.C.

The *Legal Executive* said of a previous edition of *Hill and Redman*: "Any solicitor's office which fails to keep this book on its shelves does so at its peril." The new edition incorporates the Rent Act 1968, the Housing Act 1969, and the Leasehold Reform Act 1967. Two new Parts have been added, dealing respectively with Business Tenancies and Long Leases. A Butterworth Modern Text Book, *Hill and Redman* will be kept up to date by means of supplements.

## **Underhill's Law of Trusts and Trustees**

*Twelfth Edition*

1970. By R. T. Oerton, Solicitor of the Supreme Court (Hons.), Sir George Fowler Prizeman.

This Butterworth Modern Text Book has long been regarded as a classic because of its direct approach to a most involved and difficult subject. This edition brings the work up to date, particularly in the light of the Trustee Investments Act 1961, the Perpetuities and Accumulations Act 1964 and the Family Law Reform Act 1969.

# **The Concept of a Legal System**

An Introduction to the Theory of Legal System

**Joseph Raz**

Three problems are explored in this study: What does it mean to assert or deny the existence of a legal system? How can one determine whether a given law belongs to a certain legal system? What kind of structure do legal systems have? The examination of these problems leads to a new approach to some traditional jurisprudential questions, though the conclusions reached are based on a critical appraisal of several previous theories. 45/-

## **Yugoslav Civil Law: History, Family, Property** A. G. Chloros

This is a first-hand account of the legal system of the most emancipated country in Communist Eastern Europe, and as such will interest lawyers, East-Europe specialists, legal historians, sociologists, and also diplomats and businessmen. Family law and the law of property are studied against the background of history, official doctrine, and the practice of the courts. 2 maps 60/-

## **English and American Judges as Lawmakers** Louis L. Jaffe

The law-making function of judges in a democracy is dealt with in this book. It contrasts English and American judges in their use of the judicial process to create new law, exploring the differences in their background, education, recruitment, and function which may account for their different performance. '... eminently readable... a completely up-to-date and topical enlargement of three lectures delivered at Oxford.'—*The Times Literary Supplement* 25/-

## **The Popular Movement for Law Reform 1640–1660** Donald Veall

Mr Veall's book, based on a careful study of the Thomason Tracts, is a valuable contribution to a neglected period of legal history which should prove useful to the student and specialist as well as to the more general reader of history. 60/-

## The Civil Law Tradition

An Introduction to the Legal Systems of  
Western Europe and Latin America

John Henry Merryman

Designed for the general reader, this is a concise history and analysis of the civil law tradition which is dominant in most of Western Europe, all of Latin America, and many parts of Asia, Africa and the Middle East. The author considers at length the civil law approach to codes and codification, judicial decision, the interpretation of statutes procedure and public law. 63/— paper covers 22/— *Stanford University Press*
