A NEW COMPANION TO SHAKESPEARE STUDIES

Edited by KENNETH MUIR and S. SCHOENBAUM

Eighteen original essays by established international scholars (eight of them American) reflecting new approaches to Shakespeare studies. This volume succeeds the popular *Companion to Shakespeare Studies*, edited by Harley Granville-Barker and G. B. Harrison (Cambridge, 1934). It includes notes and reading lists, a chronological table, and line drawings. Cloth \$12.50 Paper \$3.95

CHEKHOV IN PERFORMANCE

J. L. STYAN

Professor Styan demonstrates Chekhov's developing mastery of theatrical forms and techniques by detailed commentaries on *The Seagull*, *Uncle Vanya*, *The Three Sisters*, and *The Cherry Orchard*.

Each commentary takes the form of a narrative account and discussion of the play in performance, describing the stage action, suggesting character motivation, and estimating audience response. \$14.50

SHAKESPEARE SURVEY 22

Edited by KENNETH MUIR

Shakespeare's comedy is the theme of the 22d annual volume of the *Survey*, which includes articles on the origin of the genre and the nature of the comedies, comparative studies of Shakespeare and Molière and of Shakespeare and Ben Jonson, and discussion of the structure of the comedies and of aspects of particular plays. \$10.00

SHAKESPEARE SURVEY 23

Edited by KENNETH MUIR

This volume is primarily devoted to Shakespeare's language. The subjects studied include the playwright's use of old and new forms in a changing language, the techniques of modern linguistics to analyze his neologisms, his use of colloquial language, and his ability to knit words and action into a satisfying entity. \$10.00

CHICOREL INDEX TO PLAYS IN ANTHOLOGIES, PERIODICALS, DISCS & TAPES

VOL. 1, 573p., 1970. \$33.25. LC71-106198.
VOL. 2, 560p., 1971. \$37.50. LC71-106198.
VOL. 3, In preparation. Standing orders.

... distinguished for its excellent format and ease of use. "Based on primary sources, impeccably researched and verified with publishers, librarians, and by personal examination of the books and records provided by the publishers" it supplies complete bibliographic data, including price, for each entry, and indicates those available in paperback . . . It will be particularly useful for locating texts in periodicals, 18 of which are indexed. Also useful are the subject indicators, (African, Irish, Spanish), and historical periods (from Medieval to "New Generation"). Under New Generation are included 16 "street plays, living theater, underground plays, recent political plays, expressing the outlook of the new generation." Certainly, this volume belongs to a new generation of play indexes and, very appropriately, electronic data processing techniques have been used in its preparation.

Frances Neel Cheney, Wilson Library Bulletin, October 1970

This guide to plays in anthologies and in magazines was prepared by an experienced editor. . . .

The work's scope is universal, encompassing world drama from the classical theater to the social plays of the late 1960's. Flexibility, ease of use, and contemporaneity are the main characteristics of the work. Four locations are given for Rochelle Owens' *Futz*, and the *Ramparts* issue which included Jules Feiffer's playlet *Dick and Jane* is noted.

Inclusion of both anthologies and periodicals in the same index is a convenience; use of computer banks for storage and the eventual availability of the *Index* on computer tapes hold further promise for this reference tool. Indexing is thorough and excellent.

FOR PEOPLE WHO NEVER TAKE A CURTAIN CALL

Your work goes on behind-the-scenes, on the catwalk, at the control panel, or in the wardrobe room. You don't get the applause, or the rave notices — just the professional satisfaction of a job well done. But without your technical experience and skill there would be no show, no applause, no theatre. And now there is a magazine just for you, for the person involved in the technical aspects of theatre, THEATRE CRAFTS.

THEATRE CRAFTS is addressed to the people responsible for equipping, mounting and maintaining theatrical productions. It is for the person responsible for lighting, sound, set design, costuming, direction and the overall supervision of shows.

Start THEATRE CRAFTS coming your way with the latest issue. Be best informed in the latest developments in the technical theatre.

BRECHT AND IONESCO

COMMITMENT
IN CONTEXT

Julian H. Wulbern

Concerned with the extent to which political commitment (or the lack of it) influences drama, Julian Wulbern examines the polemics, dramatic theory, and theatrical practice of Brecht and Ionesco, seeking to put the special form of commitment adopted by each into the context of his creative works.

Focusing on the later works of each man, Wulbern analyzes the plays which make the clearest statement of each playwright's particular viewpoint: Brecht's *The Measures Taken* and *The Life of Galileo*, and Ionesco's *Rhinoceros* and *Exit the King*.

THE THEATER OF PROTEST AND PARADOX

DEVELOPMENTS IN THE AVANT-GARDE DRAMA

Revised Edition

George E. Wellwarth

Since 1950 the French, German, English, Spanish and American theater has been vibrant with the excitement of a new movement. The author traces the sources of this movement and suggests that individual plays may differ radically, but they share a common theme — protest — and a common technique — paradox. This revised edition includes expanded chapters and a new section on Spanish drama.
