# ECONOMICS AND PHILOSOPHY

**Journals**

---

**EDITORS:**

Daniel M. Hausman, *University of Wisconsin*

Michael S. McPherson, *Williams College*

*Economics and Philosophy* explores the foundations of economics as both a predictive/explanatory enterprise and a normative one. The papers examine the relevance of economic techniques, methods and conclusions to philosophical questions in ethics and social theory. The journal is designed to foster collaboration between economists and philosophers, and to bridge the increasingly artificial boundaries between them. Each issue contains review essays, detailed book reviews, and continuing discussion on topics previously covered. Recent issues have included papers on the rights to liberty in purely private matters, economics and hermeneutics, the impossibility of Parfit's Theory X, and the economic efficiency and equity of abortion.

*Economics and Philosophy* (ISSN 0266-2671) is published twice a year. Subscription to Volume 7 (1992): \$62.00 for institutions; \$31.00 for individuals, single parts \$32.00.
