

GENERAL NOTES

ROYAL SOCIETY OF MEDICINE.

1 *Wimpole Street, London, W. 1.*

Section of Laryngology—

President, Mr. Walter Howarth, 149 Harley Street, London, W. 1.
Hon. Secretaries, Mr. A. Lowndes Yates, 33 Weymouth Street, London, W. 1,
and Mr. F. J. Cleminson, 32 Harley Street, London, W. 1.

Section of Otology—

President, Mr. Norman Patterson, 82 Portland Place, London, W. 1.
Hon. Secretaries, Dr. T. B. Jobson, Netherwood, Epsom Road, Guildford,
and Mr. C. Gill-Carey, 106 Harley Street, London, W. 1.

SUMMER MEETING.

The Sections of Laryngology and Otology will combine for the Summer Meeting which will take place at Portsmouth on June 10 and 11. The Meeting will be held at the Portsmouth Eye and Ear Hospital, and will begin at 9.45 A.M. on June 10. The following papers will be read:—

1. "The Nasal Airway of the Newborn Child," G. H. Livingstone.
2. "The Genesis of Polypi," G. Scott Williamson.
3. "Some Types of Nasal Inflammation which produce Inflammatory Conditions of the Ear," to be opened by H. Barwell and Somerville Hastings.

BRITISH MEDICAL ASSOCIATION.

CENTENARY MEETING IN LONDON, JULY 21-30, 1932.

The Section of Oto-Laryngology will meet under the Presidency of Sir St Clair Thomson on three days, viz: Wednesday, Thursday and Friday, July 27, 28 and 29. The subjects for discussion are: July 27—"Otitis Media of Sucklings"; July 28—"Intrathoracic New Growths and the value of Bronchoscopy in Diagnosis and Treatment"; July 29—"End Results of the Tonsil and Adenoid Operation in Childhood and Adolescence."

* * *

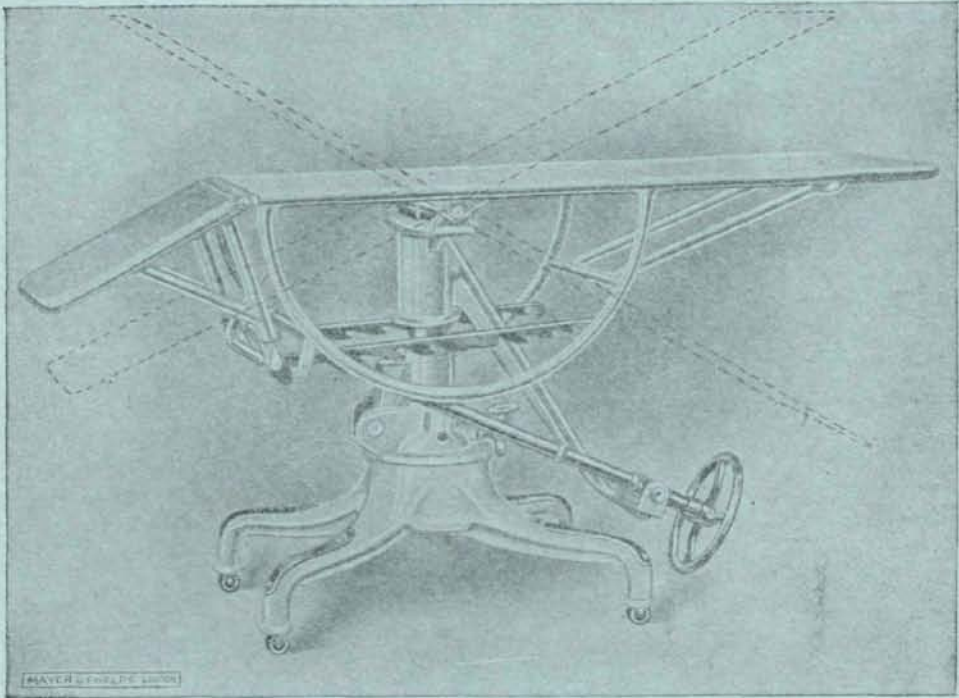

SECOND INTERNATIONAL CONGRESS, MADRID.

SEPTEMBER 27-30, 1932.

A subscriber to the *Journal of Laryngology* has suggested that a more pleasant method of travelling to Madrid would be by sea, and an itinerary has been worked out by Messrs. Cook. It would be necessary to start on 16th September by the P. & O. liner, and the route would enable members to visit Gibraltar, Algeciras, Seville and Granada on the way. Would those members who wish to travel by this route please communicate with Dr. Fraser, 50 Melville Street, Edinburgh, who would be prepared to make up a party.

Peroral Endoscopy Table

Designed and built at Chiron Works for King's College Hospital

This table is arranged for nasal and aural operations as well as for endoscopic work.

The back rest is adjustable from the dependant position shown in the illustration to one nearly at right angles to the top of the table for nasal operations, in which case a suitable head rest is attached.

The table is adjustable in height and can be tilted in either direction and is absolutely rigid in any position. Further particulars furnished on request.
