

Contents of THE AMERICAN JOURNAL OF PSYCHIATRY

Volume 147, Number 5

May 1990

Special Articles

- 543 Cults and zealous self-help movements: a psychiatric perspective. *Marc Galanter*
552 Affective spectrum disorder: does antidepressant response identify a family of disorders with a common pathophysiology? *James I. Hudson and Harrison G. Pope, Jr*
565 Irritable bowel syndrome and psychiatric illness. *Edward A. Walker, Peter P. Roy-Byrne and Wayne J. Katon*

Regular Articles

- 573 Inverse relationship between defensiveness and lifetime prevalence of psychiatric disorder. *Richard D. Lane, Kathleen R. Merikangas, Gary E. Schwartz, Suzanne S. Huang and Brigitte A. Prusoff*
579 Caffeine augmentation of ECT. *C. Edward Coffey, Gary S. Figiel, Richard D. Weiner and William B. Saunders*
586 Gender weighting of DSM-III-R personality disorder criteria. *June Sprock, Roger K. Blashfield and Brenda Smith*
591 Oral S-adenosylmethionine in depression: a randomized double-blind, placebo-controlled trial. *Bruce L. Kagan, David L. Sultzer, Nicholas Rosenlicht and Robert H. Gerner*
596 Structured interview data on 102 cases of multiple personality disorder from four centers. *Colin A. Ross, Scott D. Miller, Pamela Reagor, Lynda Bjornson, George A. Fraser and Geri Anderson*
602 Suicide and schizophrenia: data from a prospective community treatment study. *Lawrence J. Cohen, Mary Ann Test and Roger L. Brown*
608 Depressive episodes and dysphoria resulting from conjugal bereavement in a prospective community sample. *Martha Livingston Bruce, Kathleen Kim, Philip J. Leaf and Selby Jacobs*
612 Mortality in a group of formerly incarcerated juvenile delinquents. *Catherine A. Yeager and Dorothy Otnow Lewis*
615 Addition of lithium carbonate to carbamazepine: hematological and thyroid effects. *Keith G. Kramlinger and Robert M. Post*
621 Response to treatment with antidepressants of patients with severe or moderate nonpsychotic depression and of patients with psychotic depression. *James H. Kocsis, Jack L. Croughan, Martin M. Katz, Thomas P. Butler, Steven Secunda, Charles L. Bowden and John M. Davis*
625 Diagnosis and clinical course of erotomanic and other delusional patients. *Marie Rudden, John Sweeney and Allen Frances*
629 Reduced dark-adaptation: an indication of lithium's neuronal action in humans. *Hinderk M. Emrich, Josef Zihl, Costas Raptis and Anna Wendl*
632 Sexual and physical abuse histories and psychiatric symptoms among male psychiatric outpatients. *Chester Swett, Jr, Janet Surrey and Caryn Cohen*
637 Major depression in patients with social phobia. *Murray B. Stein, Manuel E. Tancer, Cheryl S. Gelernter, Bernard J. Vittone and Thomas W. Uhde*
640 Impact of life events on subjects with panic disorder and on comparison subjects. *Ronald M. Rapee, Eric M. Litwin and David H. Barlow*
645 Convergent validity of measures of PTSD in Vietnam combat veterans. *Miles E. McFall, Dale E. Smith, Douglas K. Roszell, David J. Tarver and Kenneth L. Malas*

Commentary

- 649 Will we save the homeless mentally ill? *H. Richard Lamb*

Clinical and Research Reports

- 652 Neuroleptic addition in fluvoxamine-refractory obsessive-compulsive disorder. *Christopher J. McDougle, Wayne K. Goodman, Lawrence H. Price, Pedro L. Delgado, John H. Krystal, Dennis S. Charney and George R. Heninger*
655 Lithium treatment for cocaine abusers with bipolar spectrum disorders. *Edward V. Nunes, Patrick J. McGrath, Steven Wager and Frederic M. Quitkin*
658 Patterns of depressive symptoms in expectant and new parents. *Valerie D. Raskin, Judith A. Richman and Cheryl Gaines*
661 Autoantibodies to brain lipids in schizophrenia. *Anthony L. Pelonero, Anand K. Pandurangi and Vincent P. Calabrese*

Compiled by Stanley Thorley

PART I – SUBJECTS	3–18
PART II – CONTRIBUTORS	18–25
PART III – BOOK REVIEWS	25–28
ACKNOWLEDGEMENT TO ASSESSORS	29–30

Abbreviations: BR Brief Report; C Correspondence; other abbreviations given in text of index.

PART I. SUBJECTS

A hundred years ago

- A question in medical jurisprudence. Henry Rollin 134
 Clinical observations on the action of sulphonal in insanity. Henry Rollin 595
 Hypochondria and hysteria in men and women. Henry Rollin 452–453
 Out-patient department at the Wakefield asylum. Henry Rollin 912
 Rich lunatics and poor. Henry Rollin 750–751
 Risks of medical men from lunatics. Henry Rollin 287

Absconding. Patients leaving hospital without the knowledge or permission of staff. J. Falskowski *et al* 488–490

Adjustment disorders.

- Marriage and obsessive–compulsive disorder. P. M. G. Emmelkamp *et al* 55–60
 Screening in cancer in-patients. Darius Razavi *et al* 79–83

Admissions.

- Before and after shipyard closure. Mel Bartley and Leonard Fagin (*Current literature*) 421–424
 Police referrals: demographic and clinical differences between ethnic groups. John Dunn and Thomas A. Fahy 373–378
 Psychiatry and ethnic groups. Keith Lloyd and Patricia Moodley (C) 907

Adolescents.

- Anorexia nervosa in subjects of Asian extraction. B. R. Bhadrinath (BR) 565–568
 Characteristics of suicide attempters in a population-based Dutch sample. C. W. M. Kienhorst *et al* 243–248
 Self-poisoning: hospital admissions and deaths in the Oxford Region (1980–85). C. Sellar *et al* 866–870

Adrenocorticotrophic hormone. Concentrations in a psychogeriatric population. A. Leake *et al* 676–679

Adult children. Offspring of problem drinkers in an urban community. Nady A. El-Guebaly *et al* 249–255

Affect.

- Affective disorder and schizophrenia: neuropsychological investigation of right hemisphere function. Anthony S. David and John C. Cutting 491–495

Positive triad of schizophrenic symptoms. J. Landmark *et al* 388–394

Affective disorders.

- Affect and schizophrenia: neuropsychological investigation of right hemisphere function. Anthony S. David and John C. Cutting 491–495
 Carbamazepine. Dennis J. Murphy *et al* (C) 282–283, C. M. H. Nunn and R. M. Luszkat (C) 283
 Changing interactions between bipolar disorder and anoxic brain damage. M. N. Collins and R. A. Jacobson (*Case conference*) 736–740
 Continuum of psychosis and its genetic origins. T. J. Crow (*65th Maudsley lecture*) 788–797

HLA-DR2-frequencies. Judith Körner *et al* (C) 907–908

Life events and onset of mania. Paul Sclare and Francis Creed 508–514

Organic psychosis associated with the routine use of non-prescription cold preparations. Terry M. Brown *et al* (BR) 572–575

Outcome after stereotactic tractotomy. Emad S. Hussain *et al* (C) 587–588, Gareth H. Jones (C) 588

Social competence in schizophrenia. Alan S. Bellack *et al* 809–818

see also **Bipolar disorders, and Seasonal affective disorders**

Africa, Lesotho. Anxiety and depression in a village: a comparison with the United States. Michael Hollifield *et al* 343–350

Aggressiveness. Anxiety and drugs. G. N. Conacher (C) 746

Agoraphobia. MAO and 5-HT uptake. Trevor R. Norman *et al* (C) 592–593

AIDS. Psychological aspects of HIV infection: what have we learned? Michael B. King (*Annotation*) 151–156

Airliner disaster (M1). Post-traumatic stress disorder. I. Medley *et al* (C) 134

Akathisia. Physiopathology. Ernest H. Friedman (C) 285

Alcoholism.

Adult children of problem drinkers in an urban community. Nady A. El-Guebaly *et al* 249–255

Effects on the brain. W. A. Lishman (*Benno Pollack lecture 1989*) 635–644

- Genetics. C. C. H. Cooke (C) 284
Structured programme for out-patient detoxification. Mark N. Collins 871–874
- Alzheimer's disease.**
Genetic origins of the psychosis continuum. T. J. Crow (*65th Maudsley lecture*) 788–797
Hormone concentrations in a psychogeriatric population. A. Leake *et al* 676–679
Nicotine. Gemma Jones *et al* (C) 280–281
- Amitriptyline.** Efficacy of combined antidepressant therapy in resistant neurotic disorder. Peter Tyrer and Siobhan Murphy (BR) 115–118
- Annett Handedness Schedule.** Epileptic schizophrenia. Femi Oyeboode and Kenneth Davison 228–230
- Annett-Maudsley criteria.** Handedness and epileptic schizophrenia. Femi Oyeboode and Kenneth Davison 228–230
- Annotations.**
Durkheim and French psychiatric views on suicide during the 19th century. A conceptual history. G. E. Berrios and M. Mohanna 1–9
Psychological aspects of HIV infection and AIDS. What have we learned? Michael B. King 151–156
Sight and insight: regional cerebral metabolic activity in schizophrenia visualised by positron emission tomography and competing neurodevelopmental perspectives. John L. Waddington 615–619
Some observations on the supervision of dangerous offender patients. Herschel Prins 157–162
- Anorexia nervosa.**
Adolescents of Asian extraction. B. R. Bhadrinath (BR) 565–568
Baby gazing. J. Rutherford and G. F. M. Russell (BR) 898–901
Outcome and prognosis: a retrospective study of 41 subjects. Jan H. Rosenvinge and Sven O. Moulund 92–97
Pica and iron-deficiency anaemia. I. J. McLoughlin and F. Hassanyeh (BR) 568–570
see also Eating disorders
- Anticholinergics.**
Prophylactic use in patients on long-term neuroleptic treatment. A consensus statement. World Health Organization heads of centres collaborating in co-ordinated studies on biological aspects of mental illness 412
Comment on the WHO consensus statement. T. R. E. Barnes 413–414
Consensus statement. WHO heads of centres and L. Prilipko (C) 904–905, Jean Antoine Boodhoo and Martin Sandler (C) 905, Carl S. Littlejohns (C) 905–906
- Anticonvulsants.** Frequency of determinants for psychotropic drug use in an institution for the mentally retarded. Olav M. Linaker 525–530
- Antidepressants**
Efficacy of combined therapy in resistant neurotic disorder. Peter Tyrer and Siobhan Murphy (BR) 115–118
Is diazepam an antidepressant? A. Douzenis *et al* (C) 279, Brian O'Shea (C) 279
- Psychiatric aspects of the menopause. C. B. Ballinger (*Review article*) 773–787
- Anxiety disorders.**
Aggressiveness and drugs. G. N. Conacher (C) 746
Friendships and recent life events of school-age children. Ian Goodyer *et al* 689–698
Influence of social factors: destabilisation and restitution. David Goldberg *et al* 704–713
Mothers of children with psychotic disorders and mental retardation. Brita Ryde-Brandt (BR) 118–121
Village in Lesotho, Africa: a comparison with the United States. Michael Hollifield *et al* 343–350
'As required'. Psychotropic medication given. 'p.r.n.' in a RSU. Stuart McLaren *et al* 732–735
- Asians.**
Anorexia nervosa in adolescents. B. E. Bhadrinath (BR) 565–568
HAD scale. Philip Rack (C) 744
Patients and the HAD scale. S. K. Chaturvedi (C) 133, S. Nayani (C) 588–589, David M. Mumford (C) 589
Patterns of attendance of child psychiatry out-patients with special reference to families. Gillian Stern *et al* 384–387
Suicides. John Merrill *et al* (C) 748–749
- Asneezia.** Unrecognised psychiatric symptom? Sayeed Akhter and S. H. Verma (C) 285
- Asperger's syndrome.**
Left temporal lobe damage. P. B. Jones and R. W. Kerwin (BR) 570–572
To be or not to be? Jacob Kerbeshian *et al* 721–725
Tourette-like disorder. Carl S. Littlejohns *et al* (BR) 430–433
- Attachment.** Morality: developmental themes with different values. Sula Wolff (*Comment*) 266–271
- Autism.**
Asperger's syndrome: to be or not to be? Jacob Kerbeshian *et al* 721–725
Left temporal lobe damage in Asperger's syndrome. P. B. Jones and R. W. Kerwin (BR) 570–572
- Baby gazing.** Anorexia nervosa. J. Rutherford and G. F. M. Russell (BR) 898–901
- Behaviour disorders.**
Frequency of determinants for psychotropic drug use in an institution for the mentally retarded. Olav M. Linaker 525–530
Mentally handicapped adults. C. Drummond and N. Bouras (C) 132
Mentally retarded criminal offenders in Denmark. Jens Lund 726–731
PIMRA: internal consistencies and relationships. P. Sturmey and T. Ley (BR) 428–430
- Behaviour therapy.**
Benzodiazepines: allies or antagonists? Jane Wardle (*Review article*) 163–168
Marital adjustment and obsessive-compulsive disorder. P. M. G. Emmelkamp *et al* 55–60
- Benzodiazepines.**
Behaviour therapy: allies or antagonists? Jane Wardle (*Review article*) 163–168

- Chronic dependence: a comparative study of abrupt withdrawal under propranolol cover versus gradual withdrawal. T. Cantopher *et al* 406–411
- Damnation. S. J. Elliot-Baker and J. W. G. Tiller (C) 278–279
- Bipolar disorders.**
- Sex and age at onset. Charles D. T. Sibisi 842–845
- Treatment resistance. I. G. Thomas *et al* (*Case conference*) 560–561
- Who benefits from lithium? D. N. Anderson (C) 446–447
- see also* **Manic depression**
- Books reconsidered**
- Clinical Psychiatry*: W. Mayer-Gross, E. Slater and M. Roth (Kenneth Davison) 288–289, 598–599
- The Discovery of the Unconscious: The History and Evolution of Dynamic Psychiatry*: Henri E. Ellenberger (D. Macdiarmid) 135–139
- The Psychoanalytical Theory of Neurosis*: Otto Fenichel (Richard Lucas) 755–757
- Borderline states.** Mark Berelowitz (*Reading about*) 752–754
- Brain.**
- Changing interactions between bipolar affective disorder and anoxic damage. M. N. Collins and R. A. Jacobson (*Case conference*) 736–740
- Effects of alcohol. W. A. Lishman (*Benno Pollack lecture 1989*) 635–644
- Glucose metabolism in schizophrenics assessed by PET. Monte S. Buchsbaum *et al* 216–227
- Seasonal affective disorder following injury. Neil Hunt and Trevor Silverstone (BR) 884–886
- see also* **Cerebrum, Right hemisphere and Temporal lobes**
- Brain electrical activity mapping (BEAM).** Monozygotic twins with obsessive-compulsive disorder. Suck Won Kim *et al* (BR) 435–438
- Brief Psychiatric Rating Scale (BPRS).** 5-HIAA in cerebrospinal fluid and deficit schizophrenic characteristics. John G. Csernansky *et al* 501–507
- Calcium.** Channel blockade and depressive illness. Donald Ecclestone and Andrew J. Cole (BR) 889–891
- Canada.** Adult children of problem drinkers in an urban community. Nady A. El-Guebaly *et al* 249–255
- Cancer.**
- Mental handicap: a further study (1976–85). J. Jancar 531–533
- Screening for adjustment and major depressive disorders. Darius Razavi *et al* 79–83
- Capgras syndrome.**
- Coexistence with de Clérambault's syndrome. J. M. O'Dwyer (BR) 575–577
- Variant with substitution of inanimate objects. S. C. Rastogi (BR) 883–884
- Carbamazepine.**
- Affective disorders. Denis J. Murphy *et al* (C) 282–283, C. M. H. Nunn and R. M. Luszkat (C) 283
- Use in psychosis after neuroleptic malignant syndrome. Malcolm Peet and John Collier (BR) 579–581
- Case conferences.**
- Changing interactions between bipolar affective disorder and anoxic brain damage. M. N. Collins and R. A. Jacobson 732–735
- Resistant bipolar disorder. I. G. Thomas *et al* 560–564
- Cerebrospinal fluid.** 5-HIAA and deficit schizophrenic characteristics. John G. Csernansky *et al* 501–507
- Cerebrum.**
- Dominance gene: origins of the psychosis continuum. T. J. Crow 788–797
- Regional metabolic activity in schizophrenia visualised by PET. John L. Waddington (*Annotation*) 615–619
- Chandigarh.** Relatives' EE and the course of schizophrenia. J. Leff *et al* 351–356
- Childbirth.** Relationship to erotomania. Declan Murray *et al* 896–898
- Childhood.**
- Friendships and recent life events of anxious and depressed school-age subjects. Ian Goodyer *et al* 689–698
- Patterns of attendance of out-patients with special reference to Asian families. Gillian Stern *et al* 384–387
- Sexual experiences with adults reported by women with eating disorders: an extended series. R. L. Palmer *et al* 699–703
- Christians.** Was Hitler one? Philip Timms (C) 590
- Chronic fatigue syndrome.** Psychiatric aspects. Ian Hickie *et al* 534–540
- Circumcision.** Genital self-mutilation: attempted foreskin reconstruction. Garry Walter and Jeffrey Streimer (BR) 125–127
- Clinical practice.** Relevance of research. A. K. Al-Sheikhli (C) 903, E. S. Paykel (C) 904
- Clinical Psychiatry.** W. Mayer-Gross, E. Slater and M. Roth (Kenneth Davison) (*Books reconsidered*) 288–289, 598–599
- Clomipramine.** OCD. N. Fineberg *et al* (C) 908–909
- Cluster analysis.** Obsessive-compulsive phenomena. Sumant Khanna *et al* 51–54
- Cognitive processing.** Relationship to symptoms and social functioning in schizophrenia. Heide Allen 201–203
- Cognitive therapy.**
- Management and treatment of personality-disordered patients: use of sequential diagrammatic reformulation. Hilary Beard *et al* 541–545
- Treatment of depressed in-patients: cognitive therapy plus medication, relaxation plus medication, and medication alone. Wayne A. Bowers 73–78
- Cold preparations.** Organic affective psychosis associated with their routine use. Terry M. Brown *et al* (BR) 572–575
- Comments.**
- Attachment and morality. Developmental themes with different values. Sula Wolff 266–271
- Confidence – and clinical importance – in research findings. Martin J. Gardner and Douglas G. Altman 472–474
- Community study.** Problems reported by relatives of elderly demented people. D. W. O'Connor *et al* 835–841

- Computerised tomography (CT).**
 Confounds in studies of schizophrenia. Loring J. Ingraham (C) 444–445, Paul Crichton and Tim Hughes (C) 445
 Findings in schizophrenia. Hisanobu Kaiya (C) 745
 Left temporal lobe damage in Asperger's syndrome. P. B. Jones and R. W. Kerwin (BR) 570–572
- Confidence.** Clinical importance – in research findings. Martin J. Gardner and Douglas G. Altman (*Comment*) 472–474
- Consensus statement.**
 Prophylactic use of anticholinergics in patients on long-term neuroleptic treatment. World Health Organisation heads of centres collaboration in co-ordinated studies on biological aspects of mental illness 412
 Comment on the WHO consensus statement. T. R. E. Barnes 413–414
 Anticholinergics. WHO heads of centres and L. Prilipko (C) 904–905, Jean Antoine Boodhoo and Martin Sandler (C) 905, Carl S. Littlejohns (C) 905–906
- Continuous performance test (CPT).** Glucose metabolism in schizophrenics assessed by positron emission tomography. Monte G. Buchsbaum *et al* 216–227, Ernest H. Friedman (C) 909–910
- Corrigenda.**
 November 1989, 155, 725. A. S. Henderson, author not editor 595
 February 1990, 156, 285. S. M. Verma not S. H. Verma 595
- Cortisol.** Hormone concentrations in a psychogeriatric population. A. Leake *et al* 676–679
- Cost effectiveness.** Supermarket management. Anthony Ryle (C) 281
- Couples.**
 Referrals to a sexual dysfunction clinic: psychological and physical morbidity. Jose Catalan *et al* 61–67
see also Marriage
- Criteria see Annett-Maudsley and Research Diagnostic (RDC)**
- Croatia.**
 Age of disease in hospitalised schizophrenics. V. Folnegović-Šmalc *et al* 368–372
 Characteristics of male and female schizophrenics at first admission. Z. Folnegović *et al* 365–368
 Incidence of schizophrenia in Croatia. Z. Folnegović *et al* 363–365
- Cross-cultural psychiatry.**
 From categories to contexts: a decade. Roland Littlewood (*Review article*) 308–327
 'New': a case of the baby and the bathwater. Julian Leff (*Editorial*) 305–307
see also Africa, Asians, Canada, Croatia, Denmark, France, Holland, India, Ireland, Italy, Jews, London, Middle East, Muslims, New Zealand, Pakistan, Puerto Rico, Scotland, Sweden, Switzerland and United States
- Current literature.** Hospital admissions before and after shipyard closure. Mel Bartley and Leonard Fagin 421–424
- de Clérambault's syndrome.**
 Coexistence with Capgras syndrome. J. M. O'Dwyer (BR) 575–577
see also Erotomania
- Death, violent.** Mental illness. Elizabeth King and Brian Barrowclough 714–720
- Delusions.**
 Clomipramine for OCD. N. Fineberg *et al* (C) 908–909
 Insight and psychosis. Anthony S. David 798–808
 Olfactory syndrome with various aetiologies. T. H. Malasi *et al* 256–260
 Symptomatic trans-sexualism. Martin Commander and Christine Dean (BR) 894–896
 Treatment of monodelusional psychosis associated with depression. Simon Chiu *et al* (BR) 112–115
- Dementia.**
 Alzheimer-type (ATD): hormone concentrations in a psychogeriatric population. A. Leake *et al* 676–679
 Organic psychiatry. Tom Denning (*Reading about*) 913–916
 Problems reported by relatives in a community study. D. W. O'Connor *et al* 835–841
 Social psychiatry of later life. A. S. Henderson (*Eli Lilly lecture*) 645–653
see also Pseudodementia
- Denmark.**
 Hospital admissions before and after shipyard closure. Mel Bartley and Leonard Fagin (*Current literature*) 421–424
 Mentally retarded criminal offenders. Jens Lund 726–731
- Dependence.** Benzodiazepine: a comparative study of abrupt withdrawal under propranolol cover versus gradual withdrawal. T. Cantopher *et al* 406–411
- Depot injections.** Surveys of prescriptions for schizophrenics. D. A. W. Johnson and N. F. Wright 827–834
- Depressive disorders.**
Complications.
 Associated monodelusional psychosis. Simon Chiu *et al* (BR) 112–115
 Malaria presenting as atypical form. M. V. Arun Prakash and George Stein (C) 594–595
 Mental precursors of myocardial infarction. A. Appels (*Review article*) 465–471
 Multiple sclerosis: clinical and theoretical aspects of the association. G. E. Berrios and J. I. Quemada (*Review article*) 10–16
 Variant of Capgras syndrome with substitution of inanimate objects. S. C. Rastogi (BR) 883–884
- Diagnosis.*
 Screening for adjustment in cancer in-patients. Darius Razavi *et al* 79–83
 Zinc test and post-natal depression. P. M. Markovits *et al* (C) 451–452
- Epidemiology.*
 Age of onset in the elderly. Bob Baldwin (C) 445–446
 Mothers of children with psychotic disorders and mental retardation. Brita Ryde-Brandt (BR) 118–119
- Ethics.* Prophylactic trials. T. J. Fahy (C) 585, Stuart Montgomery and David Baldwin (C) 585–586

- Incidence.**
 Friendships and recent life events of school-age children. Ian Goodyer *et al* 689–698
 Old people's homes. David Ames 667–675
 Prospective study of first attacks. Lundby (1957–72). Birgitta Rorsman *et al* 336–342
 Social psychiatry of later life. A. S. Henderson (*Eli Lilly lecture*) 645–653
 Village in Lesotho, Africa: a comparison with the United States. Michael Hollifield *et al* 343–350
- Physiopathology.**
 Growth hormone response to desipramine. Timothy G. Dinan and Siobhan Barry 680–684
 Hormone concentrations in a psychogeriatric population. A. Leake *et al* 676–679
- Psychology.**
 Development, motherhood and employment: a replication of a finding. G. W. Brown and A. Bifulco 169–179
 Influence of social factors: destabilisation and restitution. David Goldberg *et al* 704–713
 Symptoms and social adjustment in Jewish patients. R. A. Ball and A. W. Clare 379–383
- Therapy.**
 Calcium-channel blockade. Donald Ecclestone and Andrew J. Cole (BR) 889–891
 ECT for pseudodementia. Mamoun Mobayed (C) 906–907
 In-patients. Cognitive plus medication, relaxation plus medication, and medication alone. Wayne A. Bowers 73–78
 Relevance of research for clinical practice. A. K. Al-Sheikhli (C) 903, E. S. Paykel (C) 904
 Time course of cerebral magnetic resonance changes after ECT. A. I. F. Scott *et al* 551–553
- Desipramine.** Growth hormone response in endogenous and non-endogenous depression. Timothy G. Dinan and Siobhan Barry 680–684
- Devices, Family Assessment (FAD).** Family interaction and eating disorders. Who knows best? Glenn Waller *et al* 551–553
- Dexamethasone suppression test (DST).** Growth hormone response in endogenous and non-endogenous depression. Timothy G. Dinan and Siobhan Barry 680–684
- Dhat syndrome.** Sex neurosis of the Indian subcontinent. R. K. Chadda and N. Ahuja (BR) 577–579
- Diagnostic and Statistical Manual (DSM-III).**
 Growth hormone response to desipramine in endogenous and non-endogenous depression. Timothy G. Dinan and Siobhan Barry 680–684
 Psychopathology in institutionalised mentally retarded adults. Olav M. Linaker and Rune Nitter 522–525
 Sex and familial schizophrenia. Jill M. Goldstein *et al* 819–826
- Diazepam.** Is it an antidepressant? A. Douzenis *et al* (C) 279, Brian O'Shea (C) 279
- Discovery of the Unconscious: The History and Evolution of Dynamic Psychiatry:** Henri E. Ellenberger (D. Macdiarmid) (*Books reconsidered*) 135–139
 Reviewing reviewers. Simon A. Brooks (C) 747
- Double-blindness.**
 There are none so. . . Michael A. Simpson (C) 594
 Trials. R. G. Newcombe (C) 282
- Drugs.**
 Aggressiveness and anxiety. G. N. Conacher (c) 746
 Surveys of prescriptions for schizophrenics. D. A. W. Johnson and N. F. Wright 827–834
General see Anticholinergics, Anticonvulsants, Antidepressants, Cold preparations, Hormones, Medication, Neuroleptics, Opiates and Psychotropics
Specific see Amitriptyline, Benzodiazepines, Calcium, Carbamazepine, Clomipramine, Desipramine, Dexamethasone, Diazepam, Fluvoxamine, Haloperidol, Homatropine, Homovanillic acid, Isocarboxazid, Lithium, Melatonin, Nicotine, Nifedipine, Phentermine, Pimozide, Procaine penicillin, Propranolol, Sulphonal and Sulpiride
- Durkheim, E.**
 French psychiatric views on suicide during the 19th century: a conceptual history. G. E. Berrios and M. Mohanna (*Annotation*) 1–9
 'Le suicide'. Keith Lloyd (C) 593–594
 Views on suicide. Hanafy Youssef (C) 750
- Dyskinesia, tardive.**
