

**The
SOVIET IMPACT
on SOCIETY**

by Dagobert D. Runes

PREFACE BY HARRY ELMER BARNES

In what manner has Kremlin-controlled Sovietism raised or lowered human standards? Is man in Soviet society master of his own fate? May he follow unhampered his self-chosen vocation and avocation? Can he express his ideas and feelings as he wishes? Can he join his neighbors in groups, unions and confederations? Are his social or cultural activities dictated by political potentates?

To these and other basic questions the distinguished philosopher offers an unbiased reply, out of his direct observations and studies. \$3.75
