4 HAMILTON PLACE LONDON W1

If you've got high hopes.

We provide the kind of service that helps to break records.

And here are two satisfied customers to prove it.

We fuelled the Royal Air Force's Hawker Siddeley 'Harrier' jump-jet when it streaked across the Atlantic in 6 hrs. 11 mins. 57 secs.

And Wing Commander Wallis called us in when he took the gyroplane altitude record in 1968.

You'll find Shell-Mex and B.P. at over 70 airfields in the U.K. Backed by the finest research and quality control going.

Ask for it. As you can see, you'll be in good company.

SHELL-MEX AND B.P. LTD. Operators in the U.K. of the Shell and the BP Aviation Services.

President: E. C. WHEELDON, CBE, FRAeS.
Chairman: Dr. G. S. HISLOP, FRAeS.
Hon. Secretary: F. N. R. BALLAM, ARAeS,
Westland Aircraft Ltd, Yeovil, Somerset.
Tel: Yeovil 5222.

MARCH 1970

advancing into the 70's

These are the advanced helicopters that the British and French Governments have decided will equip the Armed Forces of their countries, in substantial numbers, in the next decade.

WG.13 British Army

WG.13 French Navy

WG.13 R.A.F.

WG.13 Royal Navy

SA.341 French Army

SA.341 British Army

SA.330 French Army

SA.330 R.A.F.

The British and French Governments have made the decision to launch production of the Sud Aviation SA.341 light general-purpose helicopter and to go ahead with the full development programme of the Westland WG.13 multi-Service, twin-engined helicopter.

This continuing Government support:—

- * Underlines the confidence of both Governments in the joint helicopter programme of Westland Helicopters and Sud Aviation.
- * Fully establishes the range of new helicopters for the British and French Armed Forces.
- * Reflects Government satisfaction with the development progress of WG.13, with the solution of SA.341 technical problems and with the capability of the aircraft to meet British and French requirements.
- * Highlights the strong, well-founded European capability to provide advanced helicopters that will be competitive in cost, delivery and performance.
- * Sets the stage for an intensive export sales drive by Westland and Sud.

THE AERONAUTICAL JOURNAL OF THE ROYAL AERONAUTICAL SOCIETY 3

[ADVERTISEMENTS MARCH 1970

One of our beautiful birds.

Sleek, smooth, superbly quiet, Trident is the most advanced jetliner in the whole of Europe. It belongs to BEA.

We fly more people to more places in Europe than any other airline. (89 destinations in all.)

We fly No. 1 planes like Tridents and Super One Elevens.

We give No. 1 service – on the ground with hotel and car bookings. In the air with helpful *cabin staff*, delicious food, and – if you really want to live it up – our renowned First Class Sovereign Service.

With BEA, everything is No. 1, including you. You most of all.

No.1 in Europe
