

GENERAL NOTES

BRITISH MEDICAL ASSOCIATION.

CENTENARY MEETING IN LONDON, JULY 27-29, 1932.

President, Sir St Clair Thomson, LL.D., M.D., F.R.C.P., F.R.C.S.

Vice-Presidents, Professor H. S. Birkett, C.B., LL.D., M.D., Montreal; R. Graham Brown, M.R.C.S., L.R.C.P., Brisbane; Sir James Dundas-Grant, K.B.E., M.D., London; Perry G. Goldsmith, M.D., Toronto; Dan McKenzie, M.D., F.R.C.S. Ed., London; D. Rose Paterson, M.D., F.R.C.P., Cardiff; Herbert Tilley, M.D., F.R.C.S., London; A. Logan Turner, M.D., F.R.C.S. Ed., Edinburgh; P. Watson-Williams, M.D., Bristol.

Honorary Secretaries, V. E. Negus, M.S., F.R.C.S., 149 Harley Street, London, W. 1.; F. W. Watkyn-Thomas, F.R.C.S., 14 Welbeck Street, London, W. 1.

Discussions.

Wednesday, 27th July, 10 A.M.—"Otitis Media of Sucklings." Opened by Mr. W. M. Mollison. 12 noon.—Dr. Kerr Love—"How Miss Helen Keller was Educated." (Miss Keller and her teacher, Mrs. Macey, will give a short demonstration.)

Thursday, 28th July, 10 A.M.—"Intra-thoracic New Growths and the Value of Bronchoscopy in Diagnosis and Treatment." Opened by Dr. Maurice Davidson. A paper on "The Radiographic Demonstration of Sinusitis" will be read by Dr. Graham Hodgson.

Friday, 29th July, 10 A.M.—"End Results of the Tonsil and Adenoid Operation in Childhood and Adolescence." Opened by Dr. Alison Glover. A paper on "Diseases of the Tonsils due to Fungi" will be read by Sir Aldo Castellani. At 3 P.M. a visit will be paid to the Mount Vernon Hospital, Northwood. A short introductory address will be given by Sir Cuthbert Wallace, K.C.M.G., C.B., F.R.C.S., on the work being carried out at the hospital, followed by a demonstration of cancer patients treated by radiotherapy.

Members wishing to join in any of the above discussions or willing to show specimens for exhibition in the Museum, especially those illustrative of the subjects under discussion, are asked to communicate with the Hon. Secretary.

* * *

SECOND INTERNATIONAL CONGRESS OF OTOLARYNGOLOGY, MADRID, SEPTEMBER 27-30, 1932.

We are informed that preparations for this Congress are well advanced. A short time ago it was suggested that, in view of the general financial situation, the Meeting might be postponed till next year. The Members of the International Committee were, therefore, consulted on the subject, but

General Notes

nearly all were agreed that it was better to adhere to the original date fixed. Already four hundred Members have sent in their names. Of these over two hundred are from abroad, and half of these foreign visitors are coming from the United States.

It is hoped that Great Britain will be well represented, and those who have not already sent their "Bulletin d'Inscription" are advised to send it without delay to the Secretary General:—M. LE DR. FUMAGALLO, Herosilla 2, Moderno, Madrid, Spain.

* * *

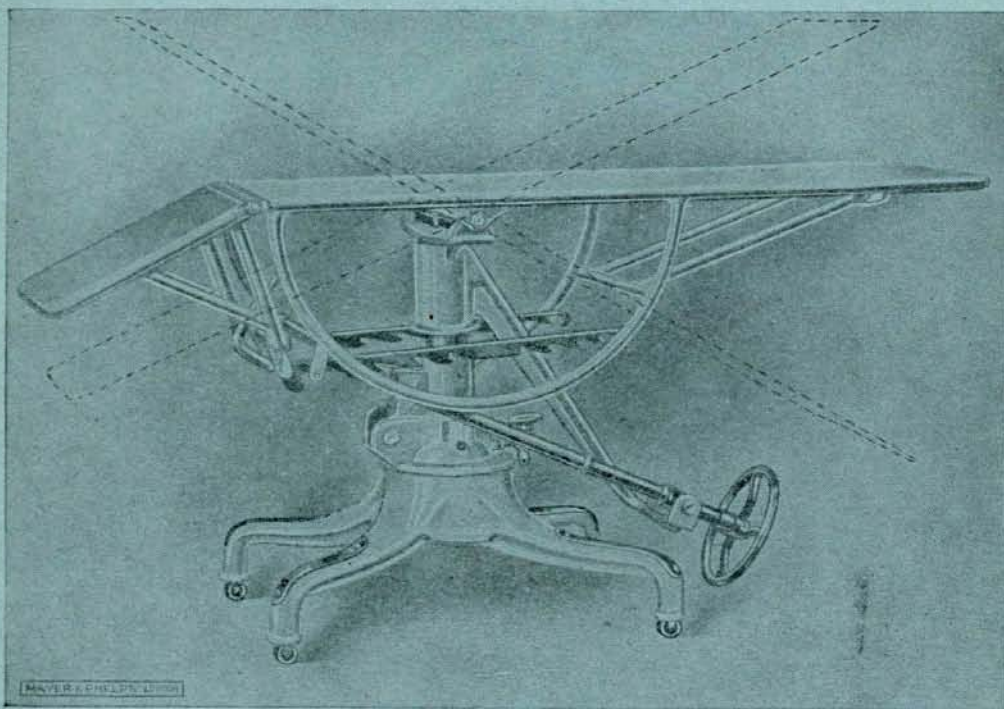

SOCIÉTÉ FRANÇAISE DE PHONIATRIE.

The foundation of still another Society, connected with our Speciality, is announced. The "French Society of Phonetics" has for its object the scientific and practical study of questions concerned with the physiology and the pathology of voice and speech.

Corresponding foreign members are eligible, and the subscription for them is fifty francs a year. The meetings are in May and October. The President is Professor Moure of Bordeaux, the Vice-Presidents are Dr. Hautant and Professor Lemaitre, and all communications should be addressed to the Secretary General:—DR. TARNEAUD, 27 Avenue de la Grande Armée, Paris, XIV.

Peroral Endoscopy Table

Designed and built at Chiron Works for King's College Hospital

This table is arranged for nasal and aural operations as well as for endoscopic work.

The back rest is adjustable from the dependant position shown in the illustration to one nearly at right angles to the top of the table for nasal operations, in which case a suitable head rest is attached.

The table is adjustable in height and can be tilted in either direction and is absolutely rigid in any position. Further particulars furnished on request.
