## THE JOURNAL

The Journal of the Australian Mathematical Society began publication in 1959, and from 1975 has appeared in two series, Series A (Pure Mathematics) and Series B (Applied Mathematics). Information about Series B may be found on the inside back cover.

### Series A, Pure Mathematics

Two volumes of four parts each are published annually, at a price of A\$44 per volume in 1979. Research papers in pure mathematics and in mathematical statistics are invited. Authors intending to submit papers for publication should prepare the typescript following the instructions on the back cover of this issue, and should send two complete copies to the Editor or to an appropriate Associate Editor.
