

PUBLISH WITH MRS!

The Materials Research Society has a journal for every materials topic and stage of research.

MRS Advances

mrs.org/mrs-advances

MRS Advances reports snapshots of work in progress on key materials topics identified by MRS Meeting programming.

Accepts Contributed Articles and Invited Reviews.

MRS Communications

mrs.org/mrc

MRS Communications publishes materials research that is impactful, urgent, and of broad interest to the materials community.

Accepts Research Letters and Prospective Articles—forward-looking authoritative assessments of specific topics.

jmr Journal of MATERIALS RESEARCH

mrs.org/jmr

Journal of Materials Research publishes advances in new materials and novel functionalities and development of performance improvements relative to state of the art.

Accepts full-length Research Articles and Reviews.

MRS ENERGY SUSTAINABILITY

mrs.org/energy-sustainability-journal

MRS Energy & Sustainability addresses broad perspectives in energy and sustainability as they relate to the impact of materials research on society.

Accepts Review and Original Research Articles, Commentaries and Perspectives by proposal or invitation.

MRS Bulletin

mrs.org/bulletin

MRS Bulletin provides thematic materials overviews, original research and review articles, research news, industry and policy developments, and MRS and materials community news and events.

Accepts Theme Topics, Original Research and Review Articles by invitation or proposal. Also accepts recommendations for materials news and other features.

MRS MATERIALS RESEARCH SOCIETY®
Advancing materials. Improving the quality of life.

ARL Distinguished Postdoctoral Fellowships

The Army Research Laboratory (ARL) Distinguished Postdoctoral Fellowships provide opportunities to pursue independent research in ARL laboratories. Fellows benefit by working alongside some of the nation's best scientists and engineers, while enhancing the mission and capabilities of the U.S. Army and the warfighter in times of both peace and war.

ARL invites exceptional young researchers to apply. Fellows must display extraordinary abilities in scientific research and show clear promise of becoming future leaders. Candidates are expected to have already successfully tackled a major scientific or engineering problem or to have provided a new approach or insight, evidenced by a recognized impact in their field. ARL offers five named Fellowships; two of these positions are open for the 2020 competition.

Fellowships are one-year appointments, renewable for up to three based on performance. The award includes a \$100,000 annual stipend, health insurance, paid relocation, and a professional travel allowance. Applicants must have completed all requirements for a Ph.D. or Sc.D. degree by October 1, 2020, and may not be more than five years beyond their doctoral degree as of the application deadline. For more information and to apply, visit www.nas.edu/arldpf.

Online applications must be submitted by May 29, 2020 at 5 PM EST.

mrs.org/careers-advancement

MRS Career Central is a one-stop shop for all your career development needs.

Hosted on our Career Central website, **the MRS Job Board is FREE to job seekers**, serving as the first place to turn to find job openings in the materials science field. The Job Board allows quick and easy access to hundreds of industry-specific job listings, anonymous resume posting and job-alert options to meet your specific needs.

Career Fairs at MRS Spring and Fall Meetings continue to serve as forums to expand your career or your company—providing on-site job interviews, mentoring sessions, resume critiques and mock interviews.

Additional Professional Development sessions or workshops are also offered at MRS Meetings and may include:

- ◆ Preparing for Your Next Job Interview
- ◆ Negotiating a Job Offer
- ◆ Essentials of Getting Your Work Published
- ◆ How to Use Your Social Media to Connect with Your Colleagues and the Press
